

RRB-JE : 2024

POSTAL PACKAGE

Railway Recruitment Board : Junior Engineer | Computer Based Test

CBT-1

CBT-2

ELECTRICAL ENGINEERING

CBT-1 : Non-Technical Books (Theory with Solved Examples)

| Sl. | Name of Books | Description |
|-----|--------------------------------------------------|-----------------------------|
| 1. | General Science and General Awareness | Theory with Solved Examples |
| 2. | Mathematics and General Intelligence & Reasoning | Theory with Solved Examples |

CBT-2 : Theory Books : Technical (Theory with Solved Examples)

| | | |
|----|-------------------------------------------------------------------------------------|-----------------------------|
| 3. | Circuit Theory | Theory with Solved Examples |
| 4. | Electrical Machines : Vol - I (Transformer, Induction Machine and Special Machines) | Theory with Solved Examples |
| 5. | Electrical Machines : Vol - II (DC Machines and Synchronous Machines) | Theory with Solved Examples |
| 6. | Generation, Transmission and Distribution | Theory with Solved Examples |
| 7. | Estimation & Costing and Utilization of Electrical Energy | Theory with Solved Examples |
| 8. | Measurement and Measuring Instruments | Theory with Solved Examples |
| 9. | Basic Electronics | Theory with Solved Examples |

CBT-2 : Practice Book : Technical

| | | |
|-----|-----------------------------------------|-----------------------------------------------------------------|
| 10. | Practice Book of Electrical Engineering | More than 2900 questions with answer key and detailed solutions |
|-----|-----------------------------------------|-----------------------------------------------------------------|

CBT-2 : Theory-cum-Practice Book : Non-Technical

| | | |
|-----|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 11. | General Awareness and Science & Technology | Comprehensive theory supplemented with practice questions covering Indian History and Culture, Geography, Indian Polity, Indian Economy, Environmental Issues, General Knowledge, Defence and Science & Technology, Physics & Chemistry, Basics of Computer Application and Basics of Environment & Pollution Control |
